

JOB DESCRIPTION

JOB DETAILS	
Job Title	Highly Specialist ILD Practitioner Physiotherapist
Reports to	Team Lead, Interstitial Lung Disease
Band	Band 7
Department/Directorate	ILD team, Medicine

JOB PURPOSE
• Provide highly specialist assessment, diagnosis, treatment and advice to patients and their carers. The specialist area is interstitial lung disease and includes a wide range of acute and chronic cases, some having highly complex presentations. • Lead the clinical specialty providing leadership, development and governance in relation to the clinical area and supporting other clinicians regarding patient treatment and management. • Be part of an interdependent, multidisciplinary team ensuring that therapy input is integrated into the patient's overall care plan. • Work with the Team and Clinical leads to develop the service in line with patient need and trust wide developments and to help provide an equitable service across the Trust. • The post-holder will also support the ILD clinics within medical outpatients and will be responsible for establishing -ILD pulmonary rehab and attending MDTs. • The post holder will contribute to leading the training and development of less experienced staff, undergraduates and other professionals as required.

KEY RESULT AREAS/PRINCIPAL DUTIES AND RESPONSIBILITIES
The Highly Specialist ILD Practitioner Physiotherapist will be based in the outpatients setting. The post holder will fulfil all tasks and work as part of a team. To meet the needs of the service, the post holder may be required to work in other areas as appropriate as directed by the line manager. Caseload Management: • This post requires caseload management which will vary according to location and complexity. There will be a responsibility to provide advice to patients with highly complex and specialist needs as well as carers and other disciplines. • Caseloads will be flexible and at times will involve the provision of service to other areas of the Trust and areas outside the Trust covered by the Exeter South West Peninsular ILD Service • Provide support to other registered and non-registered staff regarding effective caseload management and monitoring strategies. • Provide direct support and guidance to registered and non-registered staff with potentially challenging cases/situations, particularly where reassessment may be required. • The post holder will pass on and also encourage others to share their skills/knowledge within both formal and informal environments, • To have responsibility for the development of therapy staff, support staff and students. • They will deliver ILD specific clinics and establish rehabilitation specifically for this patient group. • They will also be flexible to support their therapy colleagues in ensuring safe and timely discharge • To actively assist in the smooth running of the service throughout the RDUH and associated referring hospitals Budget • To be responsible for the use of resources in the most efficient and effective way.

- To authorise spending on equipment (core items) from Community Equipment Store catalogue to a value of £5,000 [2008] following authorisation training.

- Use clinical judgment to access further diagnostics, treatment etc.
- Interpret highly complex information e.g. medical notes and clinical findings.
- To provide advanced specialist advice and second clinical opinion to other colleagues e.g. GPs.
- To actively manage clinical waiting times to meet patient need and Trust priorities.
- Work in collaboration with other teams in order to support a consistent and equitable service across the Trust.
- Lead and participate in the operational planning and implementation of policy and service development within the team, helping to set priorities.
- Lead clinical changes that contribute to the development of patient pathways.
- Propose changes to improve practice in line with local and national guidelines.
- Undertake risk assessment, using clinical judgement and provide accurate feedback to the team as necessary e.g. in relation to lone working.
- Apply clinical reasoning skills after assessment to decide appropriate treatment plan and approach.

PLANNING/ORGANISATIONAL SKILLS

- Manage an individual caseload of highly complex patients effectively and efficiently.
- Take part and lead group sessions
- Plan, organise and prioritise own workload and guide the work of support workers and junior staff as appropriate.
- Responsible for setting realistic and attainable treatment goals for patients undertaking regular re-evaluation using appropriate outcome measures.

- Work with the team to deliver the most effective service within the resources available to meet patient needs
- Exercise good personal time management, punctuality and consistent, reliable attendance
- Co-ordinate patient appointments
- To be involved in longer term strategic planning in area of expertise.
- Lead and participate in the operational planning and implementation of policy and service development within the team, helping to set priorities.

PATIENT/CLIENT CARE

- Manage own highly complex caseload and treatment programmes to a high standard expected of an experienced clinician without day to day clinical supervision. Support is available through the clinical supervision programme and from more specialist or skilled staff in a particular area.
- Prioritise, assess and treat highly complex patients referred, taking an evidence-based and reflective practice approach, using a wide range of modalities and skills in order to maximise patient/user independence.
- Identify specific problems/needs, and develop goals and highly specialist treatment plans in partnership with the patient and others.
- Evaluate patient care in the specialty and be proactive in developing services to meet national and local standards.
- Evaluate patient/user progress, and modify treatment/input if required.
- Maintain accurate and timely patient records and reports using agreed standard formats
- Be professionally accountable for all aspects of your own work, within the context of an autonomous practitioner.
- Comply with trust infection control policies and conduct him/herself at all time in a manner as to minimise the risk of health care associated infections.

POLICY/SERVICE DEVELOPMENT

- Keep up to date with professional and related Health and /Social Care developments in liaison with Area professional lead and Trust Head of Profession and other colleagues.
- Support the team to keep updated in developments in the NHS and Social care, leading in the specialty.
- Identify opportunities to improve the service, taking account of resources available, discussing your ideas with colleagues and managers.
- Participate in the operational planning and implementation of policy and service development within the specialty, leading on priorities in your area and coordinating across organisational and professional boundaries.
- Propose and lead changes to improve practice in line with local and national guidelines.
- Be aware of and follow the Health and Safety at Work Act and local/national guidelines, reporting any incidents using the correct procedures.
- Ensure that staff are aware of, and follow Health and Safety at Work Act and national/local guidelines and are aware of correct procedures for reporting incidents.
- Report any accidents/ untoward incidents/ near misses to self, patients or carers to the manager in accordance with Trust policy.

FINANCIAL/PHYSICAL RESOURCES

- Support the manager in the best use and monitoring of allocated resources.
- Assess, prescribe and order equipment and other resources.
- Ensure safe and efficient use of stock and equipment. Ensure equipment has appropriate checks made. Report any equipment defects, taking action to ensure any such equipment is withdrawn from service.
- Demonstrate and instruct the use of equipment to ensure safety.
- Understand and apply the eligibility criteria for services.

HUMAN RESOURCES

- Work collaboratively with the manager to ensure training and continuing professional development for all team members and planning for the appropriate workforce.
- Participate in clinical supervision as supervisor and supervisee.
- Participate in staff appraisal as appraiser and appraisee.
- Participate in and be proactive in leading and teaching at training sessions for staff and other agencies.
- Be involved in the recruitment of therapy and rehabilitation staff in the team / cluster in accordance with HR policies, terms and conditions to maintain an effective workforce capable of meeting the objectives of the service.
- Undertake the full range of clinical leadership tasks including communication, staff involvement, workforce planning, appraisal, training and development, and performance management.
- Actively share areas of knowledge and experience both formally and informally.
- Ensure that HCPC registration is maintained and evidenced to the manager.
- Work with the manager to ensure clinical cover across the locality is maintained especially at times of service pressure.

INFORMATION RESOURCES

- Contribute to the collection of statistical data in order to monitor and develop team activity using electronic and paper methods.
- Monitor and evaluate the information available.
- Maintain accurate and timely patient records using agreed standard formats.

RESEARCH AND DEVELOPMENT

- Maintain an up to date knowledge of all areas of clinical practice using a variety of CPD methods and to maintain a CPD portfolio.
- Lead on clinical governance activities e.g. audit, research, service reviews.
- Take a lead role in clinical development e.g. journal clubs, special interest groups, peer review groups and other activities to share and expand specialist knowledge across the service.
- Provide support and leadership to the team members to participate in clinical governance activities e.g. audit, research, clinical reviews.

APPLICABLE TO MANAGERS ONLY

Leading the team effectively and supporting their wellbeing by:

- Championing health and wellbeing.
- Encouraging and support staff engagement in delivery of the service.
- Encouraging staff to comment on development and delivery of the service.
- Ensuring during 1:1s / supervision with employees you always check how they are.

DISCLOSURE AND BARRING SERVICE CHECKS

This post has been identified as involving access to vulnerable adults and/or children and in line with Trust policy successful applicants will be required to undertake a Disclosure & Barring Service Disclosure Check.

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any

changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.

At the Royal Devon, we are committed to reducing our carbon emissions and minimising the impact of healthcare on the environment, as outlined in our Green Plan available on our website. We actively promote sustainable practices and encourage colleagues to explore and implement greener ways of working within their roles.
