

# JOB DESCRIPTION

JOB DETAILS	
<b>Job Title</b>	Specialist Speech & Language Therapist
<b>Reports to</b>	Lead Speech & Language Therapists: Community
<b>Band</b>	6
<b>Care Group</b>	Clinical Specialist Services

## JOB PURPOSE

Working collaboratively to ensure holistic, patient-centred interventions, the post holder is responsible for the provision of a specialist service for adults with acquired disorders of communication and swallowing, delivering speech and language therapy within the local Community Rehabilitation team. This will require specialist knowledge, skill and judgement across a broad range of disorders and client groups – including stroke, head injury, progressive neurological, respiratory and gastroenterological conditions.

A member of the Community speech and language therapy team, the post holder has responsibility and accountability for a designated caseload comprising adults with acquired disorders of communication and swallowing across in-patient, out-patient and domiciliary settings. It will routinely include highly complex cases.

The Community team works flexibly to ensure equity and consistency of service provision across all areas. Close liaison with Acute team colleagues is required to ensure seamless transitions of care.

Caseloads will be flexible and at times will involve the provision of service to other areas of the Trust.

## KEY RESULT AREAS/PRINCIPAL DUTIES AND RESPONSIBILITIES

The post holder will:

- Provide specialist assessment, differential diagnosis and treatment of adults with acquired disorders of communication and swallowing.
- Use specialist knowledge and skills to manage own complex caseload autonomously.
- Use a holistic, person-centred approach to devise and coordinate care plans in collaboration with patients, carers and multidisciplinary and multi-agency teams.
- Manage own workload on a day-to-day basis, ensuring appropriate service provision and liaising with the Clinical Lead at all times.
- Take an active role in discharge planning, ensuring a seamless transfer to other services when needed.
- Provide training and education for patients, relatives, carers and staff.
- Deputise for the Clinical Lead, providing leadership in the Lead's absence, support for team members and other leadership activities as required.

- Work flexibly to provide cover for absence, support for other teams and regular weekend and Bank Holiday cover as required.
- Uphold Trust values at all times.

## KEY WORKING RELATIONSHIPS

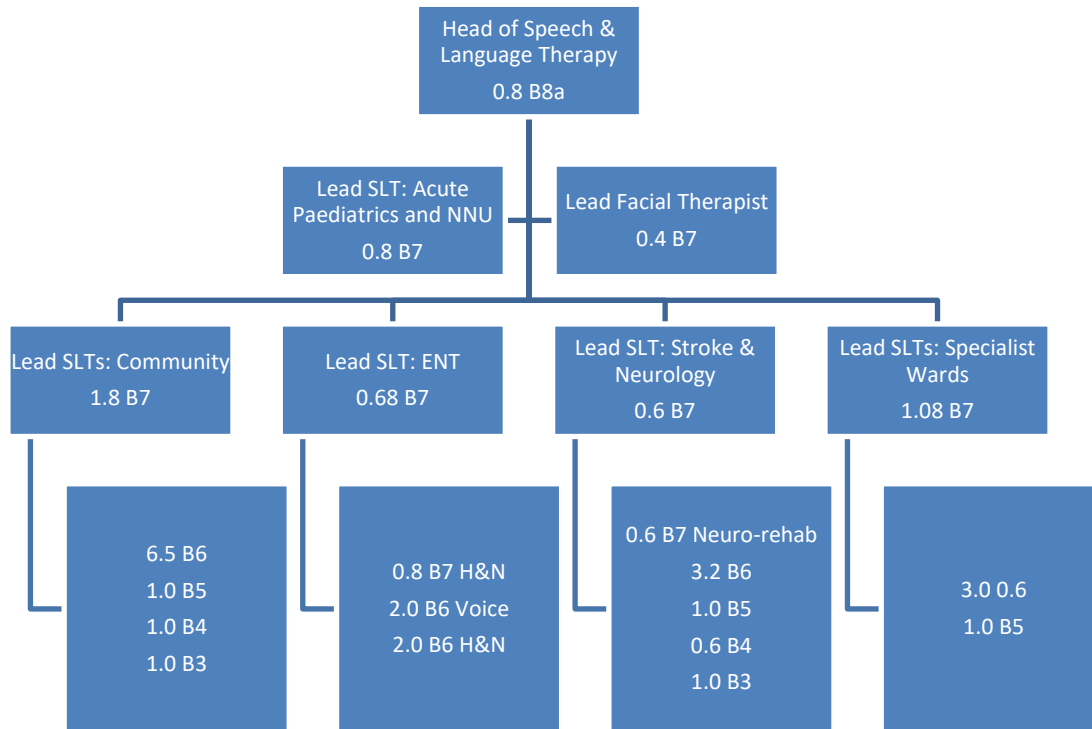

Areas of Responsibility:

- The post holder is required to deal effectively with staff of all levels throughout the Trust as and when they encounter on a day to day basis.
- In addition, the post holder will deal with the wider healthcare community, external organisations and the public.
- This will include verbal, written and electronic media.

Of particular importance are working relationships with:

Internal to the Trust	External to the Trust
<ul style="list-style-type: none"> <li>• Lead Speech &amp; Language Therapists: Community</li> <li>• Other Community team Speech and Language Therapists</li> <li>• Other members of the Speech &amp; Language Therapy Service</li> <li>• Head of Speech &amp; Language Therapy</li> <li>• All members of local multidisciplinary teams - in-patient (if applicable) and Community Rehabilitation</li> <li>• Consultants and other medical staff</li> </ul>	<ul style="list-style-type: none"> <li>• Patients, families and carers</li> <li>• Colleagues in other NHS Trusts and healthcare organisations</li> <li>• GPs</li> <li>• Social care</li> <li>• Voluntary organisations supporting patient care</li> </ul>

## ORGANISATIONAL CHART

## FREEDOM TO ACT

- Take responsibility for and prioritise own workload and decision making to ensure that overall objectives are met, with the patient being the main focus.
- Use own judgement to negotiate, problem solve and make decisions in the absence of line manager.
- Work autonomously at a high level, making decisions, providing advice and support to patients, carers and other healthcare professionals.

## COMMUNICATION/RELATIONSHIP SKILLS

- Communicate complex condition-related information to patients, carers, relatives and members of the multidisciplinary team/other agencies in a way that is accessible and easily understood. This will include identifying facilitative strategies for people with communication and/or cognitive disorders and other barriers to understanding.
- Maintain close collaboration with other members of the multidisciplinary team through joint working and effective communication regarding treatment aims, progress and discharge planning (providing written reports and referrals as appropriate).
- Provide appropriate and timely information to all relevant members of the healthcare team regarding patients' rehabilitative requirements and changes in progress.
- Identify patient priorities and choices and plan intervention to accurately incorporate these wishes.

## ANALYTICAL/JUDGEMENT SKILLS

- Analysis and interpretation of complex facts and situations to develop appropriate treatment plans from a range of options.

- Ongoing evaluation of outcomes, adapting intervention as necessary.

### PLANNING/ORGANISATIONAL SKILLS

- Ongoing planning, organisation and prioritisation of own clinical and non-clinical workload, including teaching.
- Identify and escalate shortfalls and risks.

### PATIENT/CLIENT CARE

- Complete a full and appropriate assessment for patients as required, ensuring advice and decision making are evidenced-based.
- Reassess patient status as treatment progresses and alter treatment programmes if necessary using clinical reasoning.
- Negotiate appropriate treatment goals with patients, undertaking regular re-evaluation and using appropriate outcome measures.
- Identify and develop the communicative competence of patients with severe and complex disorders of communication, helping them to improve their communication skills and be actively involved in decision making/goal planning wherever possible.
- Ensure that families/carers and other professionals/staff are aware of the patient's communicative competence and develop the former's ability to interact effectively using appropriate strategies.
- Take a balanced, person-centred approach to the ethical considerations of dysphagia management.
- Facilitate the empowerment of patients in the therapeutic process.
- Communicate effectively with patients and carers to maximise rehabilitation potential, ensure understanding of their condition and a safe and efficient discharge.
- Liaise and co-ordinate with other professionals to ensure that speech and language therapy interventions are an integral component of the patients' multidisciplinary care package and actively support and promote the discharge process.
- Ensure patient and staff safety during treatment and be able to take appropriate decisions with regards to risk.

### POLICY/SERVICE DEVELOPMENT

- Contribute to the development of care guidelines, protocols and evidence-base in order to inform practice.

### FINANCIAL/PHYSICAL RESOURCES

- Responsible for the efficient use of resources within the service and advise on appropriate resource requirements.
- Responsible for the safe use of equipment and report any repairs which need to be undertaken.

### HUMAN RESOURCES

- Supervise and delegate caseload to qualified and non-registered staff as required.
- Contribute to the development of junior therapists' clinical competencies and autonomy as necessary.
- Provide training to multidisciplinary team members as required.

- Provide full student placements, including assessment.
- Assist in the recruitment of departmental staff (selection and interview) as necessary.
- Contribute to the induction of new staff to the team.

### INFORMATION RESOURCES

- Keep timely and accurate clinical records and handle these records and all other clinical information in accordance with applicable legislation, protocols and guidelines.
- Provide full, accurate and timely statistical data.
- Submit regular activity data as required.

### RESEARCH AND DEVELOPMENT

- Participate in audit and research activity relevant to Speech & Language Therapy in the Community team.
- Participate in clinical trials as appropriate.

### PHYSICAL SKILLS

- Well-developed and accurate auditory and perceptual skills for the assessment, diagnosis and treatment of adults with acquired disorders of communication and swallowing.
- Moving and handling in line with Trust policy and procedure, including patients with complex disabilities.
- Skills in the use of equipment and technology for specialist clinical care.

### PHYSICAL EFFORT

- Clinical intervention frequently involves sitting or standing in an awkward position.

### MENTAL EFFORT

- Clinical intervention frequently requires intense concentration, including in busy environments with multiple interruptions.

### EMOTIONAL EFFORT

- Frequently working with people in distressing or emotional circumstances.
- Required to have difficult conversations e.g. breaking unwelcome news about swallowing/communication diagnoses.

### WORKING CONDITIONS

- Exposure to body waste and fluids as part of clinical interventions.
- Occasional aggressive behaviour when dealing with face to face complaints.

### OTHER RESPONSIBILITIES

Take part in regular performance appraisal.

Undertake any training required in order to maintain competency including mandatory training e.g. Manual Handling.

Contribute to and work within a safe working environment.

You are expected to comply with Trust Infection Control Policies and conduct yourself at all times in such a manner as to minimise the risk of healthcare associated infection.

As an employee of the Trust, it is a contractual duty that you abide by any relevant code of professional conduct and/or practice applicable to you. A breach of this requirement may result in action being taken against you (in accordance with the Trust's disciplinary policy) up to and including dismissal.

You must also take responsibility for your workplace health and wellbeing:

- When required, gain support from Occupational Health, Human Resources or other sources.
- Familiarise yourself with the health and wellbeing support available from policies and/or Occupational Health.
- Follow the Trust's health and wellbeing vision of healthy body, healthy mind, healthy you.
- Undertake a Display Screen Equipment assessment (DES) if appropriate to role.

#### **DISCLOSURE AND BARRING SERVICE CHECKS**

This post has been identified as involving access to vulnerable adults and/or children and in line with Trust policy successful applicants will be required to undertake a Disclosure & Barring Service Disclosure Check.

#### **GENERAL**

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.

<p>implications of profound, long-term communication and swallowing disorders.  Able to manage the emotional consequences of working closely with people in distressing circumstances, including acute, progressive and terminal medical conditions.  Able to recognise conflict between patients and their carers/relatives and facilitate resolution.  Able to manage the challenging behaviours of cognitively impaired clients.</p>	<p>E  E  E</p>	<p>D</p>
<p><b>OTHER REQUIREMENTS</b>  Able to maintain intense concentration on, and active engagement with, all aspects of client management for prolonged periods – often in busy environments and with frequent interruptions.  Able to be flexible to the demands of the post, including unpredictable work patterns/caseloads, deadlines, limited planning/organisation time, the need to multitask and make immediate complex decisions  Able to work within infection control and health and safety guidelines in order to deal appropriately with exposure to infectious conditions and mouth contents encountered on a frequent basis.
