To communicate effectively between other Devon Sexual Health Staff, departments and Trusts to ensure patients journey is seamless.

To work in partnership with sexual health specialist practitioners, medical staff, and other health professionals to address people's health needs through planning and delivering interventions which are based on best practice and clinical judgement

The post holder will establish effective systems of communication to ensure that staff feel fully involved in shaping of the service; communicating effectively with a wide range of people and will need to be able to present information in a variety of ways to both large groups as well as on a 1:1 basis.

Ensure the development of an effective communication system within the unit between all disciplines.

To support regular team meetings in an atmosphere which encourages staff to put forward information and suggestions for improvement.

Ensure staff receive up-to-date information e.g. safeguarding alerts, team briefings.

To attend Care Group, Sexual Health Service Development meetings, Sexual Health Senior Management, and Service Governance meetings, as appropriate.

Respond to complaints and suggestions to effect improvements within the service. In conjunction with the PALS service and the Lead Nurse, investigate and respond to complaints as required.

Establish an environment which supports patients as partners in the planning, delivery and evaluation of their care, to ensure that they understand and agree with the programme of care.

ANALYTICAL/JUDGEMENTAL SKILLS

Complex facts or situations requiring analysis, interpretation, comparison of a range of options. Requires skills for assessing and interpreting specialist acute and other patient conditions and taking appropriate actions, this may include non-medical prescribing.

Monitoring standards and ensuring that they match national BASHH / BHIVA / COSRH and local Trust requirements.

Ensuring appropriate quality processes that support good practice are implemented throughout the department and service-wide.

Ensuring that arrangements for the systematic review of patients' opinions and complaints are put in place.

PLANNING/ORGANISATIONAL SKILLS

Plan, organise complex activities, programmes requiring formulation and adjustment

To receive direct referrals within the speciality and to provide expert assessment of patient's needs.

To develop and provide a co-ordinated specialist service to patients and to have direct clinical involvement in complex care in the community specialist service setting.

To support and prevent admission for the patient with the relevant diagnosis and support the coordination of complex discharges for patients with the relevant diagnosis that have been admitted.

Responsible for the assessment and planning of care needs and development of programmes of care, including implementation and evaluation, to ensure that high quality evidence-based care is delivered.

Participate in rota planning, review shift systems and ensure that the appropriate skill mix is maintained to meet the needs of the service at all times.

The post holder will be organised and plan workload appropriately

Plan & organise day-to-day service provision.

Actively participate in strategic service planning & development.

PATIENT/CLIENT CARE

To support patients in meeting their own health and wellbeing through providing expert information, advice and support.

To assess patients and their complex needs and those of their families and plan, implement and evaluate appropriate programmes of care – this will include communicating highly sensitive information about diagnosis, treatment options and issues surrounding sensitive presentations, e.g. HIV, STIs, termination of pregnancy, sexual assault.

To provide emotional, psychological and practical support to the patient throughout their pathway and to facilitate communication between patients and other professionals, e.g. Consultants, Health Advisers, community support services.

To recognise ethical dilemmas relating to care and act as the patient's advocate when required

To develop care pathways for patients with the relevant diagnosis

POLICY/SERVICE DEVELOPMENT

In conjunction with the Lead Nurse and Deputy Lead Nurse, will develop and implement an appropriate service strategy and philosophy which is reviewed on a regular basis.

Lead new approaches to specialist care within the service, including changes in advanced practice.

Participate in Specialist Practitioner, Devon Sexual Health Service Development meetings, and divisional meetings as appropriate.

Ensure the Specialist Practitioner, AP and HCSW teams receive up-to-date information via team briefings and meetings.

Participate in setting standards, monitoring the quality of the service and identifying how current practice can be improved.

As part of the multidisciplinary team be responsible for actively identifying areas of risk, reporting incidents and taking action utilising the relevant Trust procedures.

Participate in the training, education and assessment of pre and post registration nurses and other Healthcare Learners.

Promote and participate in clinical supervision.

Act formally as a mentor and ensure that other trained staff maintain their competency to provide this role to others.

Based on JE Ref: 656/2 Medical Acute Hospital / Clinical Nurse Manager

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.

At the Royal Devon, we are committed to reducing our carbon emissions and minimising the impact of healthcare on the environment, as outlined in our Green Plan available on our website. We actively promote sustainable practices and encourage colleagues to explore and implement greener ways of working within their roles.
