JM0735 Pharmacy Governance, Safety and Operations Lead Technician, matche4d 24/04/2024, consistency checked 30/05/2024

#### **FREEDOM TO ACT**

- Post holder works within a broad range of Pharmacy and Trust wide strategic medication related policies and procedures with work overseen by the Deputy Chief Pharmacist/MSO.
- Post holder is responsible for establishing standards of work within their area of responsibility.
- To participate in flexible working arrangements including late duties and bank holidays. In order to
  deliver a high standard of care to patients the pharmacy service operates 7 days a week and staff
  are therefore required to work some weekends as part of their contracted hours.

#### COMMUNICATION/RELATIONSHIP SKILLS

- Foster a positive and collaborative working environment promoting effective communication and teamwork between distribution and procurement teams and other departments/ward areas.
- Ensure that the Deputy Chief Pharmacist/MSO is made aware of any circumstances that would, or may compromise safe standards of practice.
- Support the Deputy Chief Pharmacist/MSO in ensuring safe and efficient procurement and supply of medicines.
- Collaborate and support the Deputy Chief Pharmacist/MSO to investigate medicines-related incidents within the Trust and across interfaces of care. This will include complex communication with various stakeholders from other organisations and will include sensitive matters.
- Collaborate with suppliers, regional procurement teams and Trust colleagues to resolve supply chain issues promptly.
- Communication of medicines information to a range of decision makers where advice may be discussed and challenged which could include managing conflicting views.
- Managing and reconciling conflicting views where significant barriers to acceptance or understanding.
- Participate in meetings and team briefings giving feedback as appropriate

# **ANALYTICAL/JUDGEMENTAL SKILLS**

- Analyse and interpret complex facts and situations making judgments and decisions which require comparison of a range of options in relation to supply and procurement of medicines or medicines safety issues.
- Process pharmacy invoices and deal with escalation concerns from suppliers within Unit 4 ensuring invoices in conflict are resolved appropriately.
- Utilise regional and national databases and datasets to benchmark the procurement service.
- Support the Deputy Chief Pharmacist/MSO by undertaking investigations into medication incidents, share learning and implement any agreed actions to improve medicines safety.
- Work collaboratively with partners employed to support the Trust ePMA and robot systems to identify
  opportunities for improvement to maximise efficiency, support service development and improve
  patient safety.

#### PLANNING/ORGANISATIONAL SKILLS

- Proactively manage a range of activity within the pharmacy procurement and distribution team to
  ensure that the services meet operational requirements and able to respond safely and effectively
  to changing demands within the Trust.
- Develop and review service contracts with the outsourced outpatient dispensary provider and other service level agreements relevant to D&P.
- Maintain safe systems of work in accordance with the Health and Safety Manual, Control of Substances Hazardous to Health (COSHH) Regulations and comply with departmental SOPSs at all times
- Ensure medicine recalls are dealt with promptly and that all procedures for recall are followed.
- Ensure the maintenance and accuracy of the pharmacy ordering systems to enable appropriate stock holding levels, financial reporting data
- Ensure the pharmacy robot is regularly maintained, operational and is fit for purpose.

- Implement effectives measure to minimise medicines wastage
- Develop and prepare business plans for procurement and distribution team development;
- Ensure the pharmacy outsource provider are operational and working to agreed KPIs.

# PATIENT/CLIENT CARE

- Promote and support national and local patient safety initiatives to improve medicines safety and outcomes in specific therapeutic areas e.g. valproate safety; high risk medicines, drug omissions; transfer of care; high dose opioids.
- Provide pharmacy professional advice and support to a range of stakeholders to investigate and share learning from medication safety incidents and complaints to improve the quality of patient care e.g. pharmacy colleagues, clinical staff, patients, carers
- Provide leadership to procurement and distribution team to ensure delivery of safe and effective procurement and supply of medicines to ensure services provided are patient-focused and medicines availability to ward/department areas across the Trust.
- Ensure procurement and distribution services comply with relevant medicines legislation, standards and guidelines e.g. Good Distribution Practice (GDP)

# POLICY/SERVICE DEVELOPMENT

- Responsible for developing pharmacy procurement and distribution services to meet the changing needs of the Trust and develop business cases for any pharmacy developments.
- Work in collaboration with the Medication Safety Officer to develop the Medicines Management Policy and other relevant medication related procedural documents or guidelines as deemed necessary which impact on other Trust areas outside of the pharmacy department e.g. wards, outpatient areas, community hospitals, etc.
- Provide clinical pharmacy leadership to improve sustainability through implementation of identified and agreed changes to support the Trust Green Plan.
- Support and contribute to project work/MDT-based projects as required by the wider Trust.
- Ensure the outpatient partner is working in partnership to review services to meet changes in trust requirements and any contract amendments are documented and enacted.

# FINANCIAL/PHYSICAL RESOURCES

- Ensure effective systems and processes are in place that deliver procurement and distribution of best value pharmaceuticals for on and off contract spend. Procurement spend (annual) approx. £80M. Stock holding value £3M.
- Ensure timely adoption of CMU contracts and effective management of the off-contract claims process.
- Actively contribute to identifying efficiency savings in service provision across the Trust within areas
  of responsibility.
- Ensure the distribution and procurement services have secure and efficient management of medicines and minimising avoidable waste.
- Responsible for identification and delivery of annual cost saving plans linked to Trust and pharmacy financial plans.
- Identify to Deputy Chief Pharmacist/MSO any cost pressures within budgets and advise on ways of dealing with such pressures

# **HUMAN RESOURCES**

- Provide professional leadership and line management for Lead Pharmacy Technician Distribution and Lead Pharmacy Technician Procurement including workload allocation, performance, recruitment and selection of staff, career development, sickness absence management.
- Regular review of skill-mix to ensure optimal staffing levels and capability maintained at appropriate level to reflect changes in demand and service need.

- To ensure staff within area of responsibility have regular appraisal, agreed objectives and personal development plans in place in line with Trust Charter and values.
- Contribute to training of other members of staff e.g. trainee pharmacists, pre-registration trainee pharmacy technicians (PTPT)

#### **INFORMATION RESOURCES**
