<ul style="list-style-type: none"> • Deputy Clinical Pharmacy Manager • Clinical Pharmacy Manager (acute and community) • Clinical Pharmacists • Specialist Clinical Pharmacists • Dispensary Manager • Dispensary pharmacy staff (registered and non-registered) • Aseptics pharmacy staff • Medicines Management Technicians • Nursing Staff • Medical Staff • Community services pharmacy team • Non-registered staff e.g. Discharge Co-ordinators • Lead Education and Training Pharmacist 	<ul style="list-style-type: none"> • Staff from partner organisations (e.g. Devon Partnership Trust, Hospice, other acute hospitals) • GP practices • Primary Care Networks • Community Pharmacies

ORGANISATIONAL CHART

FREEDOM TO ACT

- Accountable for own professional actions: guided by national protocols, legislation and local formulary such as NICE Guidance, GPhC Standards for pharmacy professionals and the Devon joint formulary
- Works to clearly defined organisational policy e.g. Trust Medicines Management Policy
- Work is managed, rather than supervised and outcomes are assessed and reviewed periodically by senior pharmacists

COMMUNICATION/RELATIONSHIP SKILLS

- Frequently communicates and receives complex and sensitive medicines related information to/from prescribers, clinicians, other health and social care colleagues, patients and carers. Patients may have language difficulties, physical or mental disabilities.
- Communication methods will include verbal, written and electronic.
- Liaise with and support other pharmacy professional colleagues within the Trust and external organisations as required for role
- Communicate advice regarding medication storage with wards staff and registered professionals.
- Liaise with medical and nursing staff on the availability of medicinal products.
- Communication skills may include influencing, negotiation, empathy and providing reassurance eg communicating with patients to explain how to take new medicines or providing reassurance regarding medication side effects and drug interactions

ANALYTICAL/JUDGEMENTAL SKILLS

- Clinical skills for analysing drug charts and patient information in order to provide advice on medicines, dosages, production requirements and medicines information
- Therapeutic drug monitoring for specific drugs with a narrow therapeutic window to ensure safe and effective therapy.
- Rotate through medicines information and undertake training and competence in answering and responding to a wide variety of complex enquiries.
- Ensure adherence to medicines legislation, trust policies and accurate record keeping.
- Use appropriate clinical and professional judgement skills to review medication using problem solving skills to determine the most appropriate course of action and make appropriate clinical recommendations to healthcare professionals
- Develop and apply knowledge of Good Manufacturing Practice when working in aseptics
- Monitor and influence the practice of other healthcare providers, including medical staff, to ensure that prescribing and medicines use is safe and effective for patients.
- Receive and dispense controlled drugs in accordance with the Misuse of Drugs Act 1971.
- Clinical and accuracy checking of prescriptions.

PLANNING/ORGANISATIONAL SKILLS

- Plans own workload to ensure high priority patients or issues are dealt with first e.g. medicines reconciliation, medication supplies for high risk drugs.
- Frequent management and prioritising of own workload to tight deadlines and ensuring urgent work is completed within relevant timescales to provide high standards of patient care.
- Provide support for effective discharge planning and processes including authorisation of discharge prescriptions, ensuring appropriate medication supplies available, organising medication compliance aids and discharge medicines referral service.
- Carry a bleep to ensure availability for urgent requests for advice or pharmaceutical services throughout the working day.
- Respond to unexpected and unpredictable request from other hospital staff.
- Support the implementation of medicines management issues identified from national and local guidelines and initiatives
- Plan and carry out controlled drug medication destruction in line with legislation, professional standards and Trust Policy.

PATIENT/CLIENT CARE

- Provide specialist clinical pharmacy services and advice which contributes to direct patient care e.g. medicines information, reviews prescriptions, dispenses and supplies drugs for and to patients; provides advice to patients, prescribers on doses, possible side effects, undertakes risk management and ensures compliance with medicines legislation.
- Dispensing and supervision of others in dispensing (by manipulation and reconstitution).
- Checking patients' own drugs for suitability to reuse to ensure safe and effective therapy.

- Completing medicines reconciliations for patients and communicating any discrepancies appropriately to the appropriate healthcare professional
- Take an active role in reporting of medication errors and near misses in line with Trust policy.
- Provide advice to patients on how to take their medicines and potential side effects to ensure safe and effective therapy.
- Educate patients on their drug therapy to ensure compliance.

POLICY/SERVICE DEVELOPMENT

- Work to defined policies and procedures.
- Implement pharmacy and medicines-related policies and procedures within the ward and department areas e.g. Medicines Management Policy.
- Comment on proposed changes to policies and current practices/reviews protocols.

FINANCIAL/PHYSICAL RESOURCES

- Responsible for securing the department (including medicines stock) at the end of day as appropriate.
- Key holder for pharmacy department for on-call duties (opening up and locking department at start and end of day as required).

HUMAN RESOURCES

- Regularly undertakes supervision of junior pharmacy staff, technicians, foundation pharmacists, undergraduates and students within the pharmacy department and on wards as appropriate.
- Frequent contribution to education and training e.g. foundation pharmacists, pharmacist peer colleagues, junior staff and other members of the multidisciplinary team.

INFORMATION RESOURCES

- Records personally generated medicines-related information e.g. medicines reconciliation information, summarises drugs information, prescribing advice and recommendations
- Inputs patient related data into Trust ePMA system

RESEARCH AND DEVELOPMENT

- Participate in research, surveys or audit as required for role.

PHYSICAL SKILLS

- High level of accuracy and skill required for handling and dispensing of particular medicines (e.g. cytotoxic medicines).

PHYSICAL EFFORT

- Frequent requirement for light physical effort for several short periods e.g. working on wards, walking to and from wards.

MENTAL EFFORT

- Frequent requirement for concentration where work pattern is unpredictable e.g. reviewing and checking prescriptions, performing calculations and on call requirements.
- May be interrupted by urgent requests for advice e.g. responding to bleep and phone calls, interruptions from colleagues while working on wards.
- Occasional requirement to respond to on-call queries received during the night.

EMOTIONAL EFFORT

- Occasional direct exposure to distressing or emotional circumstances e.g. may work with terminally ill, distressed patients.

WORKING CONDITIONS

- Occasional exposure to unpleasant working conditions e.g. aggressive behaviour of patients, clients, relatives, carers.
- Occasional exposure to smells from aseptic or cytotoxic production.
- Frequent requirement to work long days to cover late shift

OTHER RESPONSIBILITIES

Take part in regular performance appraisal.

Undertake any training required in order to maintain competency including mandatory training, e.g. Manual Handling.

Contribute to and work within a safe working environment.

You are expected to comply with Trust Infection Control Policies and conduct him/herself at all times in such a manner as to minimise the risk of healthcare associated infections.

As an employee of the Trust, it is a contractual duty that you abide by any relevant code of professional conduct and/or practice applicable to you. A breach of this requirement may result in action being taken against you (in accordance with the Trust's disciplinary policy) up to and including dismissal.

You must also take responsibility for your workplace health and wellbeing:

- When required, gain support from Occupational Health, Human Resources or other sources.
- Familiarise yourself with the health and wellbeing support available from policies and/or Occupational Health.
- Follow the Trust's health and wellbeing vision of healthy body, healthy mind, healthy you.
- Undertake a Display Screen Equipment assessment (DES) if appropriate to role.

DISCLOSURE AND BARRING SERVICE CHECKS

This post has been identified as involving access to vulnerable adults and/or children and in line with Trust policy successful applicants will be required to undertake a Disclosure & Barring Service Disclosure Check.

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.
