

# JOB DESCRIPTION

JOB DETAILS	
Job Title	Nurse Specialist (Community)
Reports to	Libby Vincent
Band	Band 6
Department/Directorate	(Community Services)

## JOB PURPOSE

Work clinically to offer expert direction and day to day leadership to a team of community nurses. Carry their own patient caseload. Provide assessment and nursing care, advice and information to patients and carers within the home environment or alternative care setting.

Aim to, wherever possible, maintain patients in their own preferred place of care enabling them to maximise their independence and optimise their quality of life.

Work under the direction of the Community Nurse Team Manager and the Community Services Manager, using skills and knowledge as a registered nurse.

Have responsibility for the overall caseload of the team, including management of the caseload, reviewing caseloads and overseeing of any designated patients.

The post will be 20% managerial and 80% clinical activity and contact.

Deputise for the Community Nurse Team Manager in their absence.

Manage referrals into and onto the community nursing caseload.

Mentor students during their community placement.

## KEY RESULT AREAS/PRINCIPAL DUTIES AND RESPONSIBILITIES

- Lone working
- Remote working without direct supervision
- Supervising, teaching and involvement with the development of peers and other relevant team members, carers and patients
- Leadership and management of a designated team

The Nurse Specialist (Community) will be based in the community setting.

The post holder will fulfil all tasks and work as part of a team. To meet the needs of the service, the post holder may be required to work in other areas as appropriate and under the direction of line manager or appropriate manager.

## KEY WORKING RELATIONSHIPS

Areas of Responsibility:

### Communication and Relationship Skills

Communicating and building effective therapeutic relationships with patients, relatives, carers and professional partners to ensure patient care is focal and managed effectively.

Effectively communicates complex and sensitive information concerning patient's medical conditions, requiring tact, persuasion and reassurance skills.

Acts at all times in a manner which illustrates compassion, respect for privacy, dignity and confidentiality.

Understands the implications of the Mental Capacity Act and acts to assess capacity as appropriate.

Understands the safeguarding adult's issues and acts within the guidance of the policy to keep adults within their care safe.

Able to keep accurate contemporaneous documentation and care plans using the Trust's documentation.

This role requires excellent communication skills, verbal, written and use of IT.

### **Analytical and Judgement Skills**

Analyse and act appropriately in complex situation and escalate wherever applicable eg to Safeguarding Lead.

Make judgements on complex facts requiring interpretation and comparing options. Skills required for assessment and interpretation of patient conditions and determining the appropriate course of action.

### **Planning and Organisational Skills**

The post holder will be expected to:

- Review team caseload.
- Oversee the planning, implementing and evaluation of programmes of care for individual patients.
- Manage the day to day organisation of the team and caseload.
- Co-ordinate with other providers, where appropriate, regarding care provision.
- Triage and prioritise the referrals to the community nursing team.
- Use effective and efficient leadership and management skills.

### **Physical Skills**

A range of highly developed clinical skills including dexterity and accuracy for intravenous injections, syringe pumps, insertion of catheters and removal of sutures. This is not an exhaustive list.

### **Responsibility for Patient and Client Care**

The post holder hold their own patient caseload and will assess, plan, implement and evaluate nursing care programmes in the community setting.

Work within the standards set out within the Nursing and Midwifery Council (NMC) Code: Professional Standards of Practice Behaviour for Nurses and Midwives.

Demonstrate clinical competence developed through continual professional development, reflective practice and maintenance of a skills portfolio.

Undertake training to develop a range of knowledge and skills in order to deliver high quality evidenced based nursing care.

Assess patients with complex healthcare needs and develop appropriate care plans.

Monitor and maintain standards of care.

Recognise and appropriately address risk factors to patients and carers within their healthcare setting. Develop risk reduction strategies and escalate where appropriate.

Recognise, record and report all changes in the patient's condition to the appropriate professional at the earliest opportunity.

Report any untoward incidents, complaints and clinical emergencies to the appropriate professional within the required timescales, including safeguarding.

Initiate the management of incidents in accordance with Trust policy, including safeguarding, with the support of the Community Nurse Team Manager.

Ensure appropriate delegation and use of resources.

Promote health and wellbeing.

Work to prevent adverse effects on health and wellbeing.

Provide assurance on quality care delivery through audit reports and organisational performance data.

### **Responsibility for Policy and Service Development**

Work to Trust Policies, Procedures and Standard Operating Procedures (SOP).

Maintain Trust Standards of Clinical Governance.

Maintain Professional Standards of Practice.

Monitor nursing teams Standards of Practice.

Support the implementation and audit of policies, protocol and pathways, facilitating change in practice which will improve clinical outcomes and meet the needs to patients, relatives and carers.

### **Responsibility for Financial and Physical Resources**

Ensure the efficient use of resources i.e. appropriate wound dressing choice that is evidence-based and use agreed formularies.

Authorise and oversee the maintaining of stocks and supplies.

Carry out nurse prescribing as appropriate.

Higher level prescribing of equipment from the joint equipment store.

## **Responsibility for Human Resources**

Day to day management of the community nursing team.

Responsible for ensuring adherence to lone working policies and staff tracking systems.

Individual responsibility to attend mandatory training.

Training, supervising and supporting all staff within the Community Nursing Team including induction programmes, pre and post registration students, QCF candidates, work experience students, support workers, formal and informal carers.

Ensure the community nursing team participate in clinical supervision.

Complete appropriate staff appraisals and Personal Development Plans.

Participate in supervision and appraisal with line manager to support professional development focussing on the individual skill set and competency.

Assist the Community Nurse Team Manager in the recruitment and selection of staff.

Support the Community Nurse Team Manager in taking appropriate action to deal with poor work performance and initiating any appropriate initial investigation regarding complaints.

Organise staff rotas to ensure adequate staffing levels for the delivery of an effective community nursing service.

Assist in the management of absence according to policy.

Individual responsibility, and overseeing the team, to ensure everyone in the team attends mandatory training.

Ensure community nursing team have the appropriate knowledge skills and competency to undertake their roles.

To ensure registrants in the community nursing service have/gain mentorship qualifications and are updated to support pre-registration students of nursing.

## **Responsibility for Information Resources**

Inputting, storing and providing information in relation to patient records.

Accurately completing and maintaining effective patient's records including addressing confidentiality issues.

Completing activity data using Trust agreed data collection sets.

Inputting and storing information on relevant IT systems.

## **Responsibility for Research and Development**

Demonstrate commitment and work regularly with senior colleagues to develop further expertise in developing own and team research skills and future evidence based nursing practice; contribute towards the audit process and policy formation.

## **Decision Making**

As lead specialist, expected results are defined but the post holder decides how these are achieved. Is a lone worker, working remotely, work is managed without direct supervision.

Works autonomously, manages own time, manages own patient caseload and the team's caseload in the community.

Works within codes of practice and professional guidelines.

Works within Trust Policies, Procedures and Standard Operational Procedures (SOP).

Responsible to take decisions alone when necessary.

Decide when appropriate to refer to specialist services, adult health and social care team or other providers.

Can identify, through risk assessment, actions to be taken to mitigate risk and following this process when to escalate to: the Community Nurse Team Manager, Community Services Manager, Senior Nurse Community (Professional Lead) or on-call escalation process and/or other healthcare professionals.

## **Physical Effort**

Daily work involves frequent driving, sitting/standing and walking, moving equipment, frequent manual handling and treatment of patients in restricted positions.

Working hours negotiated according to service need.

Frequent use of IT equipment (including mobile phones, laptops, tablets etc). Basic keyboard skills required.

## **Mental Effort**

Understand a range of procures which are evidenced based:

- Community procedures
- Clinical observations
- Basic life support
- Assessing, planning, implementing and evaluating patient care
- Infection control

Liaise with and develop effective partnerships with a wide range of individuals and organisations in the statutory, voluntary and private sectors, in relation to patients with complex and/or long term conditions. This could also include Continuing Healthcare case management.

Work pattern requires delivering a schedule of patient visits with frequent concentration for developing care plans, treating and interacting with patients/carers etc. The workload is deadline driven, unpredictable and subject to change and interruption i.e. calls being re-prioritised, interactions with work colleagues, family/patients/carers needs.

Capacity to balance the clinical and the day to day management aspects and leadership elements of the role and potential conflict is required.

Ability to use and concentrate for long periods using IT.

**Emotional Effort**

Caring for patients at end of life, chronic conditions and their relatives, carers and friends. This includes having to break bad news or give distressing news to patients/relatives/carers and dealing with emotional circumstances.

Working with patients with mental health, learning disabilities and challenging behaviour.

Frequently deals with and copes with areas of complexity and conflict.

Instigates emergency procedures i.e. finding a collapsed patient and commencing basic life support.

No. of Staff reporting to this role: 6

The post holder is required to deal effectively with staff of all levels throughout the Trust as and when they encounter on a day to day basis. In addition the post holder will deal with the wider healthcare community, external organisations and the public. This will include verbal, written and electronic media.

Of particular importance are working relationships with:

Internal to the Trust	External to the Trust
<ul style="list-style-type: none"><li>○ Patients, Relatives and Carers</li><li>○ Community Nursing Team</li><li>○ Senior Nurse Community</li><li>○ Community Services Managers</li><li>○ Community Matron</li><li>○ Adult Health and Social Care</li><li>○ Community Hospitals</li><li>○ General Practitioners and other members of the Primary Health Care Team</li><li>○ Palliative Care Teams</li><li>○ Continuing Healthcare</li><li>○ Safeguarding Lead/Team and Care Home Educators</li><li>○ Rapid Intervention Centre/Rapid Response</li><li>○ Statutory and Voluntary Agencies</li></ul>	<ul style="list-style-type: none"><li>○ Secondary Care Providers including Discharge Teams</li><li>○ Specialist Nurses</li><li>○ Out of Hours Services</li><li>○ Adult Mental Health Teams</li><li>○ Public Health Teams</li><li>○ Other Agencies/Providers</li></ul>

## ORGANISATIONAL CHART

The structure chart should show at least immediate manager; the post holder (text emboldened); direct reports (job titles and number of role holders).

To amend the structure chart, click into one of the boxes which allows you to amend the job titles and add in other levels, using the plus/minus/arrow functions – see management guidance and toolkit for more information on how to create or amend this organisational chart (Link **TO BE ADDED**).

## FREEDOM TO ACT

As lead specialist, expected results are defined but the post holder decides how these are achieved. Is a lone worker, working remotely, work is managed without direct supervision.

Works autonomously, manages own time, manages own patient caseload and the team's caseload in the community.

Works within codes of practice and professional guidelines.

Works within Trust Policies, Procedures and Standard Operational Procedures (SOP).

Responsible to take decisions alone when necessary.

Decide when appropriate to refer to specialist services, adult health and social care team or other providers.

Can identify, through risk assessment, actions to be taken to mitigate risk and following this process when to escalate to: The Community Nurse Team Manager, Community Services Manager, Senior Nurse Community (Professional Lead) or on-call escalation process and/or other healthcare professionals.

## COMMUNICATION/RELATIONSHIP SKILLS

Communicating and building effective therapeutic relationships with patients, relatives, carers and professional partners to ensure patient care is focal and managed effectively.

Effectively communicates complex and sensitive information concerning patient's medical conditions, requiring tact, persuasion and reassurance skills.

Acts at all times in a manner which illustrates compassion, respect for privacy, dignity and confidentiality.

Understands the implications of the Mental Capacity Act and acts to assess capacity as appropriate.

Understands the safeguarding adult's issues and acts within the guidance of the policy to keep adults within their care safe.

Able to keep accurate contemporaneous documentation and care plans using the Trust's documentation.

This role requires excellent communication skills, verbal, written and use of IT.

### **ANALYTICAL/JUDGEMENTAL SKILLS**

Analyse and act appropriately in complex situation and escalate wherever applicable eg to Safeguarding Lead.

Make judgements on complex facts requiring interpretation and comparing options. Skills required for assessment and interpretation of patient conditions and determining the appropriate course of action.
