Supporting patients and their carers with the transition home following admission and support them with lifestyle adaptations and secondary prevention if appropriate.</p> <p>The post holder will be a key member of, actively participate in, and work within the guidelines of the Multi-Disciplinary Team, as a key worker for patients with the specialist diagnosis.</p> <p>To provide appropriate written information for patients, relatives and hospital staff</p> <p>To provide psychological, social and cultural support to patients diagnosed with the relevant condition.</p> <p>The post holder will fulfil all tasks and work as part of a team. To meet the needs of the service, the post holder may be required to work in other areas as appropriate as directed by the line manager.</p>

KEY WORKING RELATIONSHIPS

of Responsibility:

- The overall job purpose of the Dementia Nurse Specialist is to act as an expert resource for ward teams / departments in order to support them in the delivery of effective care for patients with dementia and delirium.
- As a leader s/he will be responsible for ensuring a good understanding of dementia and delirium throughout the organisation, to ensure patients and carers receive a high standard of care.
- The Dementia nurse specialist will review the pathways relating to dementia and delirium to determine the key stages where s/he will have interventions to influence patient care. This includes contributing to the implementation and monitoring of assessment tools to ensure optimum safety and care in relation to dementia practice. This will require the person to adopt a highly visible and accessible approach for patients, their relatives/carers and staff.
- Leading by example s/he will empower staff in their personal and professional development to undertake a greater range of clinical skills to modernise and improve patient care, including up-take of training relating to dementia practice.
- The Dementia nurse specialist will review the nature of assessment and care planning which takes place across the organisation in relation to dementia and delirium. With particular attention on the stages when the patient may be transferred between services.
- The Dementia nurse specialist will be a source of knowledge and expertise, providing support to staff in their day to day management of patients who present with dementia. Excellent communication skills are essential to this role.
- Support the delivery of quality key performance indicators and evidence the impact relating to dementia care, including the experience for carers.
- The post holder will be expected to play a proactive role in quality and service improvement and working closely with the Clinical matron and multi-disciplinary team will contribute to the monitoring and auditing of clinical standards of care within the defined specialty.

No. of Staff reporting to this role: 1-5

The post holder is required to deal effectively with staff of all levels throughout the Trust as and when they encounter on a day to day basis. In addition the post holder will deal with the wider healthcare community, external organisations and the public. This will include verbal, written and electronic media.

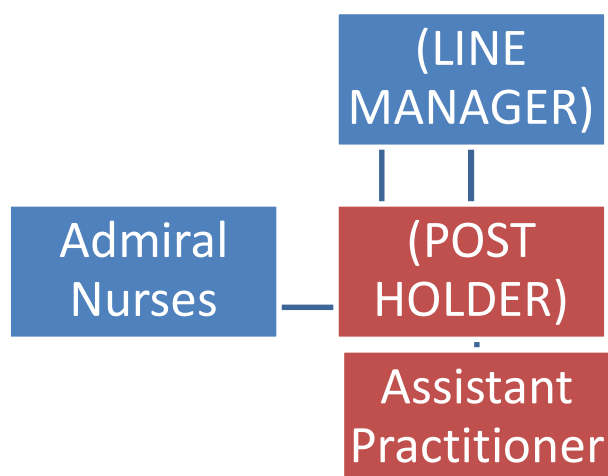

Of particular importance are working relationships with:

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the job-holder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.

At the Royal Devon, we are committed to reducing our carbon emissions and minimising the impact of healthcare on the environment, as outlined in our Green Plan available on our website. We actively promote sustainable practices and encourage colleagues to explore and implement greener ways of working within their roles.
