

Job Opportunity (part time)

ORTHODONTIC THERAPIST

Royal Devon University Healthcare NHS Foundation Trust - The 'Royal Devon'

Looking for something different which enables you to have a great work/life balance whilst working at one of the best hospitals in the South West?

In this role you will:

- Provide an orthodontic service implementing care plans and performing complex orthodontic procedures working to the prescription of our four Consultant Orthodontists.
- Provide a specialist contribution to the clinical management of patients requiring orthodontic treatment working in collaboration with multidisciplinary professionals in order to improve patient care.
- Receive high levels of direct clinical supervision from our four Consultant Orthodontists, as well as our Specialist trainees.
- Conduct research and audit on delivery of patient care.
- Facilitate and participate in audit and quality assurance programmes, and promoting evidence based practice.
- Be responsible for the teaching, mentoring and assessment of students, trainees and professional staff therefore promoting a learning culture.

We are looking for someone that:

- Enjoys being part of a small team
- Is fabulous with patients
- Has a Diploma in Orthodontic therapy with an active GDC registration.

If you feel that you have the drive and ambition to develop this role and consolidate your existing skills, this may be the opportunity you have been waiting for! In return we will offer you excellent clinical and managerial support and commitment to your personal professional development.

For further details / informal visits please contact Lauren Smoothy (Orthodontic Therapist) on 01392 404751 or contact the Orthodontic department on 01392 402218 to speak to one of the Consultant Orthodontists.

Go to Jobs@NHS.net where you will find the full job description and person spec.

At the Royal Devon based in Heavitree Exeter we have the role for you (Band 7). With flexible part time work available, you will make a massive difference as part of our small, friendly team.

Our team consists of four Orthodontic Consultants, and two Orthodontic Specialty Trainees, as well as a part time Orthodontic Therapist (in addition to this vacancy). The unit is supported by a well-established team of dental care professionals alongside a bespoke Orthodontic laboratory. It aims to provide a service that is patient-focused, with an emphasis on quality and efficiency. The Orthodontic department is situated in a bright and newly refurbished open plan clinic environment with X-ray facilities.
