

JOB DESCRIPTION

JOB DETAILS	
Job Title	Product Lead
Reports to	Product Manager - eRoster
Band	Band 5
Department/Directorate	Workforce Solutions/People Function

JOB PURPOSE
The purpose of this role is to support to ensure the smooth and effective use of the electronic rostering System for Agenda for Change staff groups across the organisation. The post holder will be responsible for undertaking key tasks in line with the project and product plan that help ensure full system functionality relevant to the system across the organisation. They will be responsible for making sure that system is configured appropriately and work with local business administrators and wider stakeholders to ensure it is utilised to its full potential. The postholder will have an aptitude for problem solving, be able to quickly get to the source of a problem, and either resolve it or escalate to the relevant wider People Services team. They will be working in a focused team which strives to put our colleagues first and constantly find new ways to improve. The post holder will be required to respond and resolve EVA cases in relation to the system and provide support to the First Line Support team during periods of reduced capacity, ensuring continuity of service and effective operational delivery of the system.

KEY RESULT AREAS / PRINCIPAL DUTIES AND RESPONSIBILITIES
• Working with the local and central departments in RDUH and support the activities required to fully utilise the system. • Train and support other members of staff in key processes and systems, contributing to the development of team knowledge, skills, and overall capability • Implementation of new development activities for the system working with the existing technology & intelligence dashboard leads and wider stakeholders when appropriate. • Work with the supplier, leading meetings and identifying solutions in agreed areas • Ensuring Trust HR policies and procedures are adhered to and supporting management requirements • Identification of opportunities to improve and preparation of supporting change requests • Work with stakeholders to identify potential issues that require a technical system solution • Work with the relevant information teams and SMEs to ensure accurate data for timely reports • Work as part of the team in developing processes within the department to meet the demands of a growing service. Participate in team and directorate meetings as required, carry out and contribute to audits regarding departmental procedures and assist in implementation • Adhere to the Trust Information Governance policy and appropriate standard operating procedures and Key Performance Indicators (KPIs) for the team • Support the various Trust administrators to undertake analysis of process flows, update and to write new processes in line with Business Changes.

- To work on ensuring the system is set up to ensure that high-quality real-time data is accessible for reporting and dashboards to support the Trust's needs.
- Work closely with key stakeholder to ensure data extracted from the system into ESR and out of the ESR eliminates manual administration.
- Working with the provider, and internal stakeholders to support delivery of projects and support the product plan.

KEY WORKING RELATIONSHIPS

Areas of Responsibility: People Function

No. of Staff reporting to this role: 0

- The post holder will liaise with service managers & administrators and teams such as IT, Finance, Information Governance and the supplier on a regular basis.
- The post holder is required to deal effectively with staff of all levels throughout the Trust, the wider Healthcare community, external organisations and the public. This will include verbal, written and electronic media. The post holder is expected to establish and maintain a positive interpersonal relationship with other staff members characterised by trust, mutual respect and open, honest communication.

Work Collaboratively with across RDUH:

Internal to the Trust	External to the Trust
• IM&T Staff & training teams • Workforce Information & Systems Team (WIST)/HR Intelligence • HR teams such as Payroll, Pensions, Recruitment, Employee Relations, HR Helpdesk, People Partners and Occupational Health • Service Manager & Administrators	• eRostrering supplier (RLDatix) • Other NHS and Social Care organisations

ORGANISATIONAL CHART

FREEDOM TO ACT

The post holder will work without supervision but can call on line manager and SME's to advise them of investigation and support requirements. They will decide how results are best achieved and can seek guidance on this if required.

The post holder will be responsible for managing specific work towards full system utilisation. The post holder will be guided by Trust policies and procedures, using own initiative and seeking advice from their Manager as required.

The post holder will make decisions in response to situations that arise to ensure that incidents and unplanned issues are escalated appropriately and communicate these decisions to other departments and Product leads.

COMMUNICATION / RELATIONSHIP SKILLS

The post holder will need to effectively communicate any challenges or concerns connected with system support and project work where appropriate to subject matter experts, line manager or other relevant stakeholder. They will be able to provide information to managers as necessary through a variety of media such as MS Teams products, Virtual meeting and written communication, so that they are kept up to date with practice issues. Some information will be sensitive and complex in nature.

The post holder will be expected to behave in accordance with the Trust's values of demonstrating compassion, striving for excellence, respecting diversity, acting with integrity and to listen and support others.

This will require the post holder to prioritise their own workloads and explain/negotiate those priorities with other stakeholders. This could also lead to confrontational relationships which the post holder will have to manage with support of the line manager.

ANALYTICAL / JUDGEMENTAL SKILLS

A high level of analytical judgement is required at all times to identify obstacles, unpick problems and devise appropriate solutions.

The post holder will have the skills and ability to understand, analyse and interpret the significance of a broad range of complex information quickly to respond. The post holder will be able to anticipate issues and create solutions in relation to Intelligence Dashboard System functionality.

The post holder will manage and prioritise all incoming and outgoing communications relating to their responsibilities including complex facts relating to benefits and change information systems/databases. They will initiate responses where appropriate ensuring responses to deadlines and targets are met.

The post holder will also be required to make rapid and accurate assessments of urgent situations that can be addressed by appropriate colleagues within the Trust to meet deadlines, provide solutions and minimise disruptions.

PLANNING / ORGANISATIONAL SKILLS

The post holder will be required to contribute to organising own workload.

The effectiveness of the post holder's ability to plan and organise will impact on the success of the timely delivery of Product milestones. The post holder will plan and prioritise the Product

tasks and their own workload and must be able to manage rapidly changing priorities and multitask.

PATIENT / CLIENT CARE

The post holder is required to put the patient, as the first priority, at the centre of all activities. The post holder will not deal directly with patients.

POLICY / SERVICE DEVELOPMENT

The post holder will be expected to contribute to policy formation and service improvement in relation to training, appraisals, learning and may be required to write relevant operating procedures. They will be expected to follow trust policies and procedures.

FINANCIAL / PHYSICAL RESOURCES

Responsible for monitoring resource (such as user licences) against the Product plans and highlight any associated risk/benefits.

HUMAN RESOURCES

The post holder will be required to share and present information on the system to administration users and will be a lead contributor of written user guides and standard operating policies. Presentations to Key Stakeholders at monthly meetings are a requirement.

INFORMATION RESOURCES

The post holder is responsible for ensuring that accurate records are produced and maintained appropriately, ensuring the security of such items and the ability to provide all information required to enable recovery of any items lost, damaged or stolen.

The post holder will be required to ensure confidentiality of such information in accordance with Data Protection and Information Governance requirements and provide information for HR and other departments as required. Responsible producing monthly reports and briefings for programme meetings and key stakeholders.

RESEARCH AND DEVELOPMENT

Comply with Trust's requirements and undertake surveys as necessary.

PHYSICAL SKILLS

The post is desk based requiring constant use of a VDU/PC Webex systems, call conferencing and use of the telephone. Advanced keyboard skills required for speed & accuracy. The post holder will be required to have an awareness of health and safety guidelines in respect of VDU working.

PHYSICAL EFFORT

Sitting, walking use of keyboard/mouse for long periods. This position will involve some driving with the occasional need to carry laptops, guides and manuals. Office based post with a frequent requirement to sit in a restricted position at display screen equipment. Occasional lifting of files, laptops, projectors, conference phones, presentation materials and stationery.

MENTAL EFFORT

There is a frequent requirement for concentration for activities such as maintaining complex systems, and occasional prolonged concentration for creating and checking complex documents and analysing statistics. Unpredictable work pattern with frequent interruptions.

The post involves significant lengths of time using IT applications and specific technology, reading and producing lengthy documents, contributing to the writing of IT complex user manuals which is understood by all users; understanding the Product delivery requirements and multi-tasking where appropriate, collaborating with other staff.

The post holder will possess the ability to prioritise and organise work to effectively manage own time along with the ability to clearly and calmly explain sometimes complex IT processes to non-technical staff.

EMOTIONAL EFFORT

The constant requirement to meet tight deadlines and targets, along with competing demands, may impose some pressure on the post holder and/or on other people, both inside and outside the Trust, with whom the post holder has to work for which they would need to demonstrate resilience.

Limited exposure to distressing or emotional circumstances.

WORKING CONDITIONS

The post is predominantly based in an office or remote working environment with high levels of visual display unit use.

Use of display screen equipment for substantial proportion of the days. May be required to occasionally attend Trust sites for various reasons.

OTHER RESPONSIBILITIES

- Take part in regular performance appraisal.
- Undertake any training required in order to maintain competency including mandatory training, e.g. Manual Handling
- Contribute to and work within a safe working environment
- You are expected to comply with Trust Infection Control Policies and conduct him/herself at all times in such a manner as to minimise the risk of healthcare associated infection
- As an employee of the Trust, it is a contractual duty that you abide by any relevant code of professional conduct and/or practice applicable to you. A breach of this requirement may result in action being taken against you (in accordance with the Trust's disciplinary policy) up to and including dismissal.

You must also take responsibility for your workplace health and wellbeing:

- When required, gain support from Occupational Health, Human Resources or other sources.
- Familiarise yourself with the health and wellbeing support available from policies and/or Occupational Health.
- Follow the Trust's health and wellbeing vision of healthy body, healthy mind, healthy you.
- Undertake a Display Screen Equipment assessment (DES) if appropriate to role.

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.
