- Plan, organise complex activities, programmes requiring formulation and adjustment.
- Responsible for the assessment and planning of care needs and development of programmes of care, including implementation and evaluation, to ensure that high quality evidence-based care is delivered.
- Participate in rota planning, review shift systems and ensure that the appropriate skill mix is maintained to meet the needs of the service at all times.
- The post holder will be organised and plan workload appropriately.
- Plan and organise day-to-day service provision.
- Actively participate in strategic service planning and development.

PATIENT/CLIENT CARE

- To support patients in meeting their own health and wellbeing through providing expert information, advice and support.
- To assess patients and their complex needs and those of their families and plan, implement and evaluate appropriate programmes of care; this will include communicating highly sensitive information about diagnosis, treatment options and issues surrounding terminal illness and bereavement.
- To provide emotional, psychological and practical support to the patient and their family/carer throughout their pathway and to facilitate communication between patients, families and professionals.
- To recognise ethical dilemmas relating to care and act as the patient/relative's advocate when required.

POLICY/SERVICE DEVELOPMENT

- In conjunction with the Lead Nurse will develop and implement an appropriate ward strategy and philosophy which is reviewed on a regular basis.
- Lead new approaches to nursing care within the unit/ward, including changes in advanced practice.
- Participate in nursing, audit and divisional meetings as appropriate.

- Ensure ward staff receive up-to-date information via trustlink, team briefings and meetings.
- Participate in setting standards, monitoring the quality of the service and identifying how current practice can be improved.
- As part of the multidisciplinary team be responsible for actively identifying areas of risk, reporting incidents and taking action utilising the relevant Trust procedures.
- Promote and participate in clinical supervision.
- Act formally as a mentor and ensure that other trained staff maintain their competency to provide this role to others.
- Utilise educational opportunities to facilitate learning in the clinical situation.
- Demonstrate a high commitment to professional and personal development to ensure that professional competencies are maintained and developed to continue to meet the needs of the service.
- Maintain ward training matrix and encourage staff to actively engage in identifying personal training needs which are in line with the needs of the service. Assist staff to identify how these needs may be addressed.

FINANCIAL/PHYSICAL RESOURCES

- The post holder has a personal duty of care in relation to equipment and resources.
- The post holder will work within a defined day to day operational budget. Ensuring that any projects undertaken are established and managed in a financially responsible manner.
- Co-ordinate the ward and resources and be responsible for running the ward in a cost-effective manner.
- Responsible for the effective use of Trust resources and compliance with Trust Standing Financial Instructions (SFIs).
- To use human and financial resources in an effective way for the benefit of patients and to achieve operational objectives. The post holder will be an authorised signatory for the unit budget within the context of the Trust's SFIs.
- Responsible for the safe handling of patient property/valuables in line with ward procedures and Trust SFIs.

HUMAN RESOURCES

- The post holder is accountable for the management of the staff in the designated ward area.
- Participate in the recruitment, induction and development and review of junior members of staff.
- Review of human resources within the ward, helping to assess workload and identify changing skill mix as required.
- Be familiar with the Trust Disciplinary and Capability Procedure and follow this procedure as required with support from the Lead Nurse and HR Department.
- To promote a learning environment through identifying opportunities and seeking resources required for own and others learning.
- To provide specialist input to post-registration courses and professional development programmes.
- To reflect on own practice through clinical supervision/mentorship and to act as a clinical supervisor/mentor to others.
- To act as a specialist resource to advice and support healthcare professionals and others involved in the delivery of care to patients, their families and carers.
- To support and facilitate the development of an education strategy which ensures that all those involved in the management of patients receiving NIPV are able to deliver the highest standards of care.
- To be responsible for ensuring all staff working on the ward are competent and work within their scope of practice.
- Maintain training records and annual updates for staff within the department ward.

INFORMATION RESOURCES

- To document and maintain patients records as per Trust Documentation Policy.
- Ensure accurate data is maintained within the department to allow monthly reports for performance.
