Governance and Risk Management

11. Investigate and respond to complaints received from patients, visitors, staff and members of the public, regarding relevant estates services and prepare formal responses as required, including Datix actions and response's.
12. Responsible for ensuring the estates function operates within relevant statutory and Trust policies, procedures and regulations relating to health & safety at work issues and risk management; and that sound internal controls, safe processes, working practices to safeguard the Trust and its assets for all relevant responsibilities.
13. Ensure relevant and effective risk management procedures and protocols are developed and implemented. Contribute to risk management where necessary within the Trust.
14. Responsible for delegated M&E services in terms of directing, managing and monitoring activities to ensure compliance with statutory and legislative requirements, in accordance with HTM guidance and best practice.

Capital Management

15. Manage minor and delegated major capital projects as and when required by the Trust, in accordance with relevant guidance and best practice.
16. Manage the appointment of external specialist consultants and subsequently brief, liaise and control their work to ensure key targets are met.
17. Undertake feasibility studies, option appraisals, cost planning and contribute to the preparation of business cases especially in connection with the production infrastructure.
18. Identify maintenance needs and prepare programmes of work (for inclusion in the Estate Investment Plan).

Property management

19. Responsible for the preparation of schedules of condition, dilapidation surveys and reports for M&E services and the associated equipment with prioritised investment programmes to ensure business continuity of hospital facilities.
20. Maintain up to date maintenance plans for third party occupiers under leases, licences or service level agreements and participate in income generation via the provision of estates services to new client groups.

COMMUNICATION/RELATIONSHIP SKILLS

1. Provide absence cover and support for other Estates Officers as required
2. Work as a key member of the Estates and Facilities operations management team to identify and implement service improvement projects using lean methodology and change management techniques
3. Analyse complex and specialist technical information and communicate clearly and authoritatively to both internal and external Stakeholders
4. Ensure high levels of confidentiality are maintained when dealing with staff and contractual information and issues which influence decision making
5. Conduct negotiations with external consultants, contractors and suppliers.
6. Maintain a good working relationship with other team members within the wider organisation and have the ability to share and advise on complex technical issues.
7. The post holder will have incidental contact with other service users while duties are carried out within the hospital and day centre environments.
8. Promote a team approach and encourage staff innovation, integration, involvement, change management and improvement at all levels including effective methods of communication.
9. Work with Nursing and Infection Control staff in the prevention and control of Healthcare Associated Infections through the maintenance of M&E systems in accordance with the Health Act 2006 (The Hygiene Code).
10. Establish mechanisms for communications with both internal and external stakeholders for implementing effective communication strategy for all allocated minor works projects.

ANALYTICAL/JUDGEMENTAL SKILLS

1. Ensure that robust mechanisms are in place to regularly monitor and report performance for all estates activities within area of responsibilities with regular reports for expenditure, performance and compliance.
2. Working as part of a multi-disciplinary team, support the development of robust and compelling business cases.
3. Analyse and interpret complex contracts, cost schedules and reports and develop options for best delivery route and outcomes taking into account legislation, regulations and guidance.
4. Manage operational estates records including as-fitted drawings, maintenance manuals, service records, statistical returns, Estates Return Information Collection (ERIC), performance reports, controlled documents, logbooks, policies and procedures.
5. Produce regular performance and status reports ensuring that the Laundry/HSDU/Aseptic/Main Kitchen achieve key performance indicators (KPI's) including budgets, emergency call outs, maintenance response times, energy consumption, capital recharges, statutory compliance, etc.

PLANNING/ORGANISATIONAL SKILLS

1. Ensure the Trust's estate and assets are maintained to best practice as indicated in Health Building Notes and Health Technical Memoranda and actively contribute to the Trust's delivery of the key strategic priorities and objectives.
2. Formulate costed maintenance plans for all sites, buildings and specialist mechanical systems aligned to the Trusts clinical strategy.
3. Deliver against objectives, achieve quality outcomes and work to tight deadlines

PHYSICAL SKILLS

1. Utilise and review sensitive measurement tools and computer technology with a high degree of accuracy for building management systems, MICAD property database software and AutoCAD drawings.
2. Produce high levels of timely documentation for contract management, maintenance management reporting and assessment of specifications.
3. High level of activity required including walking, standing and sitting in order to visit and inspect all areas on multiple sites.

PATIENT/CLIENT CARE

1. Assist patients and visitors via incidental contact with regard to the provision of feedback on estates services and working methods.

POLICY/SERVICE DEVELOPMENT

1. To ensure the Trust's estate and relevant assets are maintained to best practice as indicated in Health Building Notes and Hospital Technical Memorandums and actively contribute to the Trust's delivery of the key strategic priorities and objectives.
2. Responsible for a range of policies in connection with estate maintenance options or minor new works aligned to the Trusts clinical strategy.
3. Support the shaping and development of the Trusts Estate Strategy including site development taking account of all dependencies and infrastructure.
4. Liaise with statutory external authorities and specialists regarding estate services.
5. Responsible for quality assurance within areas of accountability and work towards continuously improving the quality of estates services.

FINANCIAL/PHYSICAL RESOURCES

1. Responsible for ensuring controls are in place for estates maintenance, energy and utilities and delegated budgets and expenditure in compliance with the Trust's Standing Financial Instructions.
2. Manage and monitor the operational delegated budgets maintaining effective budgetary control within approved allocations to deliver a balanced budget annually.
3. Provide advice on all aspects of infrastructure investment in relation to M&E services in areas of responsibility, providing feasible and viable solutions.
4. Management of delegated budgets, planning and forecasting expenditure, producing costs savings and improving value for money in line with the Trusts Standing Financial Instructions.
5. Identify and deliver efficiencies for the CIP programme and monitor progress against agreed targets.

HUMAN RESOURCES

1. Line manager for the Laundry Engineering team and Steam Specialist providing support and guidance as required.
2. Coach, develop and support members of the laundry engineers and steam specialist, including apprentices, delivering new and innovative practice across teams to ensure the continuous improvement in efficiency and effectiveness and the development of high standards.
3. Manage recruitment and retention of team members, ensuring professional and technical development of staff, monitoring, annual training development plans, succession planning and undertaking individual performance and development reviews.
4. Provide cover and leadership as line manager when required for the operational teams.
5. Lead and actively manage a highly effective and responsive operational laundry engineering team and steam specialist promoting a culture that recognises all users as customers through teamwork, staff innovation, flexibility, involvement, change management and improvement at all levels including effective methods of communication, team briefing (two-way) and liaison with other staff groups at all levels.

6. Provide clear leadership, be a positive role model and actively promote the Trust's vision, strategic aims and values ensuring that all estates services are patient focused, high quality and meet the needs of nursing staff and user departments.

INFORMATION RESOURCES

1. Provide regular information to support estate services via computer software systems (MICAD) for schedules of accommodation, programmes, performance, processes and procedures.
2. Provide information for inclusion within ERIC returns, the Model Hospital, and for the Trust Premises Assurance Model (PAM).
3. Ensure that data collected is analysed, reported by the team as appropriate and monitor the processing of data and information.

RESEARCH AND DEVELOPMENT

1. Carry out regular research and development, linking with professional and industry bodies to ensure that latest thinking and best practice is being introduced and delivered to optimise operational estate management within the relevant teams.
2. Investigate and implement new innovative materials, concepts, products and systems for maintenance services advising on suitability and value for money to develop premises solutions and to enhance the patient's environment.

FREEDOM TO ACT

1. Works autonomously within delegated levels of authority.
2. Maintain high professional standards and explore opportunities to develop practice.
3. Interpret policy, strategy, standards and legislation related to clinical accommodation.
4. Use managerial and judgemental skills to analyse highly complex situations and formulate appropriate solutions/responses.
5. Be responsible for organising own, and that of the team, workload, prioritising to meet the needs of the Trust.
6. Ensure appropriate risk control measures are in place with estates risks identified, managed, mitigated where possible, resolved or escalated.

OTHER RESPONSIBILITIES

1. To take part in regular performance appraisals.
2. To undertake any training required in order to maintain competency including mandatory training, e.g. Manual Handling.
3. To contribute to and work within a safe working environment.

4. The post holder is expected to comply with Trust Infection Control Policies and conduct him/herself at all times in such a manner as to minimise the risk of healthcare associated infection
5. As an employee of the Trust, it is a contractual duty that you abide by any relevant code of professional conduct and/or practice applicable to you. A breach of this requirement may result in action being taken against you (in accordance with the Trust's disciplinary policy) up to and including dismissal.

APPLICABLE TO MANAGERS ONLY

1. To be able to evidence that supporting employee health and wellbeing is included in any documents outlining the skills and knowledge that line managers need.
2. Proportion of line managers whose job descriptions include supporting employee health and wellbeing.
3. This post has been identified as involving access to vulnerable adults and/or children and in line with Trust policy successful applicants will be required to undertake a Disclosure & Barring Service Disclosure Check.

THE TRUST- VISION AND VALUES

1. Our vision is to provide safe, high quality seamless services delivered with courtesy and respect. To achieve our vision we expect all our staff to uphold our Trust values. Our Trust values are:
 - a. Honesty, Openness & Integrity
 - b. Fairness,
 - c. Inclusion & Collaboration
 - d. Respect & Dignity
2. We recruit competent staff that we support in maintaining and extending their skills in accordance with the needs of the people we serve. We will pay staff fairly and recognise the whole staff's commitment to meeting the needs of our patients.
3. We are committed to equal opportunity for all and encourage flexible working arrangements including job sharing.
4. We are committed to recruiting and supporting a diverse workforce and welcome applications from all sections of the community, regardless of age, disability, gender, race, religion, sexual orientation, maternity/pregnancy, marriage/civil partnership or transgender status. We expect all staff to behave in a way which recognises and respects this diversity, in line with the appropriate standards.

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the Manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

The RD&E is a totally smoke-free Trust. Smoking is not permitted anywhere on Trust property, including all buildings, grounds and car parks. For help to quit call: 01392 207462.
