- To manage capability and initiate any appropriate initial investigation with support from the Clinical and Professional Leads and/or Community Service Manager.
- Acts as a Supervisor/Assessor for Apprentices.

- Participate in supervision and appraisal with Senior Operations Manager and Professional Lead to support professional development and ongoing service delivery.
- Individual responsibility to maintain prescribing competence and registration as per the trust policy (where applicable)
- Work with Operational colleagues to support team members with their own Health and Wellbeing.

INFORMATION RESOURCES

- Inputting, storing and providing information in relation to patient records following GDPR guidance.
- Accurately completing and maintaining effective patient's records.

RESEARCH AND DEVELOPMENT

- Promote innovative practice and ensure relevant research findings are incorporated into practice.
- To regularly review the community service/team's performance by the completion of monthly audits, ensuring that outcomes are acted upon.
- Support workforce development in line with organisational requirements.
- To promote patients, relatives and carer feedback of the community services, to help facilitate learning and improvement.

PHYSICAL SKILLS

- Complete a range of developed physical clinical skills that include clinical assessment, and delivery of clinical interventions within scope of professional practice and competence. For example, intravenous injections or advanced therapeutic handling to facilitate movement, function and independence while ensuring safe practice.
- Frequent use of display screen equipment (DSE) including mobile IT equipment.

PHYSICAL EFFORT

- The physical effort of the role will be a combination of sitting, standing, walking but will depend on the challenge of the at the time. The teams covered are across the locality so will involve driving between teams and also to patients during clinical time.
- At times the individual will need to be physically active, for example in the provision of direct patient care.
- Frequent manual handling and treatment of patients in restricted positions.

MENTAL EFFORT

- The role has unpredictable work for example, the patient condition may be unknown and there is a need to assess and diagnose patient care needs, and the post holder will be required to frequently concentrate, and will likely experience interruptions (for example, regular referrals are received throughout the day and the Clinical Lead will need to triage and prioritise the caseload accordingly). This may include challenging situations.

EMOTIONAL EFFORT

- The post holder will be required regularly to deal with conflicting view points or information which may be complex or of sensitive nature where negotiation skills will be required.
- The nature of the role the post holder may have direct or indirect exposure to distressing and emotional circumstances. This can include bereavement or mental health challenges for staff and patients or distressing safeguarding issues.

WORKING CONDITIONS

- The role involves providing care to patients within their home. There is a frequent exposure to unpleasant working conditions including bodily fluids and verbal aggression.
- Frequent use of display screen equipment (DSE) including mobile IT equipment.

OTHER RESPONSIBILITIES

Take part in regular performance appraisal.

Undertake any training required in order to maintain competency including mandatory training, e.g. Manual Handling

Contribute to and work within a safe working environment

You are expected to comply with Trust Infection Control Policies and conduct him/herself at all times in such a manner as to minimise the risk of healthcare associated infection

As an employee of the Trust, it is a contractual duty that you abide by any relevant code of professional conduct and/or practice applicable to you. A breach of this requirement may result in action being taken against you (in accordance with the Trust's disciplinary policy) up to and including dismissal.

You must also take responsibility for your workplace health and wellbeing:

- When required, gain support from Occupational Health, Human Resources or other sources.
- Familiarise yourself with the health and wellbeing support available from policies and/or Occupational Health.
- Follow the Trust's health and wellbeing vision of healthy body, healthy mind, healthy you.
- Undertake a Display Screen Equipment assessment (DSE) if appropriate to role.

APPLICABLE TO MANAGERS ONLY

Leading the team effectively and supporting their wellbeing by:

- Championing health and wellbeing.
- Encouraging and support staff engagement in delivery of the service.
- Encouraging staff to comment on development and delivery of the service.
- Ensuring during 1:1s / supervision with employees you always check how they are.

DISCLOSURE AND BARRING SERVICE CHECKS

This post has been identified as involving access to vulnerable adults and/or children and in line with Trust policy successful applicants will be required to undertake a Disclosure & Barring Service Disclosure Check.

GENERAL

This is a description of the job as it is now. We periodically examine employees' job descriptions and update them to ensure that they reflect the job as it is then being performed, or to incorporate any changes being proposed. This procedure is conducted by the manager in consultation with the jobholder. You will, therefore, be expected to participate fully in such discussions. We aim to reach agreement on reasonable changes, but if agreement is not possible, we reserve the right to insist on changes to your job description after consultation with you.

Everyone within the Trust has a responsibility for, and is committed to, safeguarding and promoting the welfare of vulnerable adults, children and young people and for ensuring that they are protected from harm, ensuring that the Trusts Child Protection and Safeguarding Adult policies and procedures are promoted and adhered to by all members of staff.

At the Royal Devon, we are committed to reducing our carbon emissions and minimising the impact of healthcare on the environment, as outlined in our Green Plan available on our website. We actively promote sustainable practices and encourage colleagues to explore and implement greener ways of working within their roles.
