### THE WORK OF THE DEPARTMENT AND THE DIRECTORATE

The successful candidate will work in a team of 11 Junior doctors, comprising 4 Core Trainees, 1 Foundation Year 2 Trainee, 1 GP VTS Trainee and 5 Trust Grade doctors. The successful candidate will be ward based, caring for T&O in patients on 1 elective and 2 trauma wards, admissions through the day case ward and on the pre-op assessment unit. The whole Orthopaedic unit relies on the Junior Doctor team to work well together. There is continuous senior medical cover during the working week from both our orthogeriatric service and preoperative physician. We are proud of the experience that our Junior Doctors achieve during their time with us and consistently receive positive feedback for our junior ward-based posts.

Providing general medical inpatient care for older patients including management of perioperative problems and complex comorbidities. The post holder will work as part of a multidisciplinary team to optimise patient health before and after surgery, and to support effective rehabilitation.

The Directorate of Trauma & Orthopaedics is based at the Princess Elizabeth Orthopaedic Centre (PEOC) at the Royal Devon and Exeter Hospital Wonford and has a worldwide reputation for Orthopaedic innovation and excellence. There is a comprehensive range of routine elective orthopaedic and specialist surgery which you will have the opportunity to experience. PEOC has an enviable research portfolio, to which the successful candidate would be welcome to contribute to.
